1. The meeting was called to order by LTC Mastantuono at 1418, 03 March 2002.
2. **OLD BUSINESS**
 - a. CW5 John Fehrs facilitated the meeting and conducted a review of the old minutes. Most items were complete however the following actions are still open:
 - b. Commander's need to provide Mr. Moorehead a list of Stan board members. **S: 01 Apr 02**
 - c. Pre-set radio frequencies; A suggested list of preset radio frequencies is requested in order for the facility to program aircraft radios. **Unit SP's S: next Stan Board**
 - d. ASE equipment; CW4 Warren provided information on a classified pubs account. This has been done. CW5 Fehrs added that ASET tracking sheets have been place in individual flight folders however the ASET is still unavailable at the facility due to technical problems. There is no specific time provided for completion from the facility. **ACTION CW4 Moorehead**
3. **NEW BUSINESS**
 - e. Master Gunner's; CW5 Fehrs informed the Board that Master Gunner's need to be member's of the board. **S: Commander's next stan board**
 - f. CW5 Fehrs noted NBC eval's need to be conducted and annotated on the 7122.

- g. A discussion of NVG positions within the units needs to be agreed upon. CW5 Fehrs noted that the minimum standard was 25% for the BDE. The units could qualify as many as they wanted but by TO&E only a minimum of 25% would be the standard. **ACTION Commander's S:** next Stan board
 - h. The commander's are requested to turn in all goggles to the flight facility for maintenance and use. This item is only a reminder.
 - i. Classes; standardization classes need to be scheduled and tracked. Unit SP's
